

## Editors Note

Welcome to our first newsletter of 2019! This is an exciting time, creating the first newsletter. We have worked hard to put this together, and we hope that we can work with you (the members) to make this an amazing feature. We would like to distribute this monthly, and feature our horses, Amateur and Master Amateur competitors as well as our Youth.

We love the idea of having a Sale Barn for you to advertise horses, tack and show clothing, giving you an option as social media crack down on the advertising of animals.

If you have any constructive feedback it is greatly appreciated and can be submitted in writing to [admin@painthorse.net.au](mailto:admin@painthorse.net.au) we are building this for the members, so please feel free to make suggestions.

We have breeding season fast approaching and we will be running a breeding feature in the July issue; if you would like to advertise your stallions please let me know, we have ad space for all budgets.

Happy Showing & don't forget to put some colour in your ride.

*Dakota*

## President's Report

Dear Members,

Welcome to the first of the PHAA's new style of newsletter . This newsletter will be published monthly and is being produced in house by our very talented office assistant Dakota. Your new Board of Directors believe its extremely important we strengthen communication between the Board ,Office and our members and this monthly newsletter is one strategy we hope will go towards achieving this.

The Board is meeting in Penrith on the 21st and 22nd of June . This will be the first Board Meeting since the AGM. If any members would like to have something discussed at the meeting please contact the office before Friday 14th June and ask for your item to be put on the agenda . We are in particular looking for any ideas you may have to improve the Association , especially any that could promote the versatility of our Paints.

Financial management and long term planning will be discussed by the Board at this meeting as will the National Show . Even though the 2019 National Show was run this year with a very tight budget we still made a significant loss . We need to start planning next years show now and we are looking at putting together a National Show committee to assist us.

"Why is the point score system still not updated ?" We get asked this question all the time and to be honest it's really embarrassing. The answer is simple , the system was a mess , a real mess. It turned into an exercise of not just entering points but doing a complete audit of the points previously entered and virtually starting again . By the time you read this newsletter we will be entering points for March and our aim is to have the system up to date by the end of June . The Members can have confidence that the system will not just be updated but also be accurate . Any members that have not submitted complete point cards will be advised by the office and you will be given a second chance to submit your points . The Board is making a commitment to members that the point score system will be continually updated, and that it will now treated as a major priority.

This Board's mission is to ensure that by being a member of the PHAA your experience of owning a Paint horse is enhanced and we encourage all members to give us as much feedback as possible as we move forward.

Until next month ,  
Greg

## Upcoming Events: JUNE/JULY 2019

SHOWTIME**

**Youth Spotlight**

**Chloe HARRIS**

Chloe Harris or 'Beetle; as she is known to friends and family joined the paint horse association this year.

Beetle who is 7yrs old is the proud owner of Destiny's Little Girl. A 9yr old 13.3hh red Roan by Wyndham's boots n all out of a quarter horse mare Miss Destiny. Destiny was purchased 18mths ago from Darwin and is proving herself a great partner for her rider. The pair regularly compete on the ABHA barrel circuit travelling throughout new. They had success at the last Moonbi Magic barrel day winning the 8 and under age division. Beetle and Destiny also compete along side mum and dad at ATRA jackpots.

In 2017 they won the Northern Region and the Australia championship Under 7yrs barrel racing titles. They are now trying their hands at breakaway roping and after lots of practice dummy roping are now roping calves in their home arena. They are also members of Mendooran pony club and can be found competing with great success at local Gymkanna and show. They competed at their first nationals this year becoming champion of the dressage small fries prep A. Destiny is a wonderful example of the versatility of the paint horse breed and along with her rider I think we will see a lot more of them.

**Event Spotlight**  
**SHOWMANSHIP**

Showmanship is a beautiful dance between two partners so a pattern needs to be clean and have a flow. The top showmanship competitors move with grace and fluidity that makes you want to watch. This class focuses on presentation and testing your horsemanship skills. There is a focus on three main skills of horsemanship and presents these through the pivot, back up and the set up. Many judges like to see a competitor exhibiting their animal with a smile on their face, a gentle manner with their horse and most of all confidence.

#Training Tip: PRACTICE, PRACTICE, PRACTICE!

**PRACTICE AT HOME**

1. Trot to Judge.
2. Set up for full inspection.
3. After inspection, execute 1 1/2 turns and walk 1/2 of line.
4. Stop, back two horse lengths.
5. 3/4 turn and trot.
6. Halt and set-up, when set up is complete, exit at a walk or jog.

## Horse Spotlight

**Royal Heart Throb ( 7003)** is a paint-bred gelding. He is known as Drover.

He was foaled in November 1997 so is an experienced competitor.

He was bred by a friend of mine , Peter Simpson. He was started under saddle when I purchased him. I have trained him with help from lots of people and lots of encouragement from many clubs. At this time I am waiting for a ROM in barrel racing ( we have the 10 points). This is very important because he has qualified to become a PAINT HORSE OF AUSTRALIA SUPREME CHAMPION.

He is a very special horse. He is also very easy to train and enjoys being challenged. He is still very competitive and still wants to go on the truck to events ( he is very offended if I leave without him and lets me know by being difficult to catch the next day). We compete in dressage at FEI level and do Inter A and Inter B ( he can do piaffe and passage ) and he competes against purpose-bred dressage horses and recently achieved 65% with an International Judge. He will try anything – cow sports to jumping to Pony Club to lead line at Nationals. It is a very special treat for a grandchild to ride Drover. He is well aware that he is special and likes and expects, licorice, carrots, apples, crisps.

Drover quickly proved to be as trainable and versatile as his siblings and it wasn't long before Jill won her first National title with him. In the many years since he has proven that he can handle almost any event, from western to dressage, cow sports to pony club and sporting, and everything in between. And at an age now when most horses have long since retired Drover continues to be competitive and continues to earn National titles.

There has been a lot of hard work put in to achieve the results that Jill and her best mate have so far obtained and they thoroughly deserve every accolade that comes their way. Becoming what is believed to be the first Paint Horse in Australia to qualify for the Paint Horse Supreme Champion award is something that everyone who has been associated with Drover is extremely proud of.

Not bad for a plain bay gelding that the breeders' father suggested might make a good drover's horse!

*Written by Jill WAGNER & Peter SIMPSON*

## Amateur Spotlight

**Name:** Dee Gavin

**Age:** nearly half way to 100

**Horses:** 6

**Dogs:** 3

**Favourite TV show:** Wentworth

**Favourite food:** silverside

**Favourite colour :** purple

**What I love most:** family

**What I don't like:** the colour green

I purchased my first paint horse in 2009 from Burke Stud, it was at this time that I became a member and haven't missed a year since. The first paint horse I purchased was DMB Gunslinger, he was 3 months old at the time. As I had never had western horses before I found myself constantly learning (I'm still learning). I have had great success with my paint horses since transitioning from the English world with my hacks. I have competed with my horses across three states and at most of the major shows. My biggest high light since owning paint horses would have to be a hunter under saddle AO class at NPHA. We did not win or even place in the class but I felt it was the best Alfie had ever performed and the best I have ever ridden. I currently hold my AO card and really enjoy the friendly competition and friendships of other AO's and masters amateurs and I'm really looking forward to joining the masters crew next year. Even though as competitors we are competing against each other at the shows ,I think the hardest thing is riding against myself and living up to my own expectations. I'm always very proud to show my horses in open company so people can see how versatile our breed is. I am a very dedicated, passionate member who truly loves this wonderfully unique breed where no two horses ever share an exact coat pattern.
