THE PAINT HORSE ASSOCIATION OF AUSTRALIA October/November 2007

Welcome to another edition of the PHJ! I have certainly picked an action packed time to start my time here at the PHAA.

We have had a rather hectic time with the various changes in the office and the closing off dates for futurity payments, membership renewals and breeding returns amongst our usual work flow. Thank you for your patience during this transition time and we ask for just a little more as we actively process all requests.

Thank you is also extended to Kim and Amy in the office and all of the Board for making my arrival a welcome one; and to Lee Ann Hall and Jessica Sciberras for offering their support and answering my many questions! I know I have some big shoes to fill.

We are a land of extremes, I do hope that all affected by the Equine Influenza are keeping up-to-date with the regular updates from our industry bodies with requirements and restrictions. Links can be found on our website to relevant industry or state bodies.

I am excited to be a part of the PHAA. I am new to the horse industry - mind you learning fast! My background covers a broad cross-section from hospitality, administrative support, event and project management to personal coaching. After working for myself for the last 4½ years it is great to be a part of a proactive motivated team. Thank you to the members who have called in or phoned to welcome me to the organisation. I am looking forward to meeting everyone at the National Show next year or if you are passing through Dubbo - don't hesitate to drop in for a coffee and a chat.

COMPLETING & LODGING YOUR PAPERWORK

Due to the increased volume of work within our office, we would like to remind all members that all appropriate paperwork MUST contain relevant attachments needed eg: Mare owners certificate, photos, etc.

Paperwork that is received incomplete or incorrect, will now receive a letter in the form of a checklist and their original paperwork will be returned to them until corrections are made. Incomplete or incorrect paperwork will also attract a penalty fee of \$25 and this will have to be paid before your paperwork will be processed and / or completed.

Please make note that we do not accept photocopies of ANY service certificates for registrations. We require the original "pink" copy of the service certificate. Breeders MUST sign registration applications if registration is to go into another membership. Failure to do so will incur penalty fees. Please make sure you are the current owner of the mare and it is registered in your name. Also, correct foaling dates need to be documented here within the office, so please ensure that correct foaling date is written on registration applications. Copies of registration papers MUST be sent in with registration if dam is either QH or TB. Stud prefixes can be used on registrations, but the purchaser must obtain permission from the breeder, to carry the stud prefix if the foal is being purchased before registration.

All transfers require the "original" registration certificate to accompany the Transfer/Bill of Sale document and MUST be signed by both seller and purchaser. To keep files updated, please send in updated photographs of the horse for filing purposes and also to update the registration certificate.

Stallion owners: please ensure that all breeding reports are in before 1 July every year. We need them in the office to register foals. If we don't have reports, **WE CANNOT REGISTER!**

NATIONAL SHOW & PAINT-O-RAMA

• Paint-O-Rama Friday 15 and Saturday 16 March, Dubbo Showgrounds • National Show Tuesday 18 to Sunday 23 March, Dubbo Showgrounds

Please see the draft National Show Schedule on page 20. We look forward to your feedback.

ANNUAL GENERAL MEETING

The AGM will be held on Monday 17 March at the Expo Centre, Dubbo Showgrounds at 10.00am. A timetable will be in the next journal with mail out and lodgement dates.

EQUITANA

The decision was made on Friday 14 September to postpone Equitana while the effects of the Equine Influenza threat are managed. We look forward to being a part of the event, which will now be held Thursday 20 to Sunday 23 November 2008.

CHRISTMAS BREAK

Please note the office will be closed for the Christmas Break from Monday 24 December 2007 and will reopen on Wednesday 2 January 2008.

2008 NATIONAL FUTURITIES

Futurity Nominations are listed in this issue on pages 34 and 35 and can also be viewed on the website. You will also find a copy of the 2nd to 4th payment form in the journal. A reminder of payment dates:

Futurity 2nd Payment Futurity 3rd Payment Futurity Final Payment Wednesday 31 October 2007 Monday 31 December 2007 Friday 15 February 2008

I hope that foaling is going well, we look forward to receiving your registration papers soon!

PRESIDENTS REPORT - by Craig Dengate

I'd like to welcome Kate Clark to the Paint Horse Association Of Australia as senior office administrator. Kate was the preferred applicant out of five applicants the PHAA received resume's from.

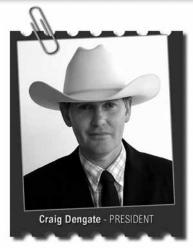

Obviously the job of replacing Lee Ann Hall required a special person, to continue to take the PHAA forward. I am confident that Kate brings with her a package of diverse people skills, experience in administration and an enthusiastic personality to rise to the that our association presents. As you may realise Kate's position is the most important position in the running of our association. It is my belief that our association needs to continue to lift the standards of member service and administration and through the employment of capable professional employees this will come to fruition. Although commitment from some of our past and present Directors is admirable a volunteer naturally has limitations. I look forward in the near future to working with Kate and as effectively as possible steering our association in the right direction.

It is possible whilst you are reading this journal I will be in America, Jeff & Lee Ann Hall, Karen and myself will be attending the American Paint Horse Association's 2007 Convention held in Kentucky USA. I look forward to attending the APHA Convention, being able to view how an association approximately 50 times the size of the PHAA conducts this event. I will have the opportunity to attend the general members meeting, presidential dinner and observe the standing APHA committee reports. A social occasion is provided to have lunch at THE DERBY CAFÉ and tour the historic CHURCHILL DOWNS RACETRACK home of the Kentucky Derby.

Another opportunity I will have is to converse with some of the executive committee and management of the APHA, I have always enjoyed my experience interacting with these

committed people who obviously are serious about what they do for the good of their association. In the past I have been quite keen to absorb the processes, policies and experience's that they have come across whilst promoting and helping to administer their association. This knowledge gained may help me to do what I do better for our PHAA.

In recent times some of you may have been aware that our PHAA office staff were reduced to two through unforeseen circumstances. During this period of time I spent most of my spare time assisting with extraordinary members work. Whilst the PHAA is a member service organisation and we endeavour to process paperwork within a 21 day period; there are some members who aren't so good with their own paperwork. The time it takes to process incomplete paperwork can be often two to three times longer than correctly submitted paperwork of the same item. At times our office staff and Directors have spent considerable time and effort chasing up breeding certificates, transfers, parent validation and correct information for paperwork to be processed. I am appealing to all our members to assist your association the submission of correct paperwork where possible. association in the future will be tightening up on the submission of incomplete or incorrect paperwork. Did you know? Rule 124C "It shall be the responsibility of the seller to complete the transfer form in its entirety to include the correct name and registration number of the horse, date of sale, name and address of purchaser and signature and address of seller. Should a seller of a registered horse sell a horse and fail to complete the transfer form and this fact is established, the seller may be

assessed a penalty and such violations shall be noted. This penalty shall not apply when a horse is consigned at a regular auction sale, where it shall be the duty of the sale manager to insert on the transfer the complete name and address of the purchaser. The purchaser shall forward completed transfer form and certificate with the applicable fee to the association for appropriate action". 124A "Blank transfer report/bill of sale forms will be furnished free by the association upon request. The registration certificate must accompany the completed transfer form to the association in order for the horse to be recorded in the name of the new owner within 30 days of date of purchase, otherwise a penalty fee will apply. The PHAA recently changed the layout of our Registration Certificates to include the Transfer Report on the reverse. If you have a new style certificate there is no need to obtain a further Transfer report, simply use the one on the back of the Certificate of Registration.

On a positive note I have started the planning for the 2008 National Show and there will be a two day Paint-O-Rama commencing on Saturday 15th & Sunday 16th of March prior to the National Show. Questionnaire results and show committee reports have been seriously considered and I will endeavour to make the next Paint week the best one yet. See you there!

DIRECTORS REPORT - by Laurel-lee Wear

Hoping you're all flu free if you're living in NSW or QLD and a big thanks for all those well wishes coming from across the borders. Lets all hope it's over as quickly as possible so we can all get back to normal.

Not so much good news on the Sydney Royal front the RAS has decided to exclude the Paints from future programs at this stage. I made a second submission but the Committee has decided that even with the numbers quoted that they are unable to support our breed within their schedule, the sad end to an era but maybe we will see Western Breeds reintroduced in the future. I will make a diary note to write them each year to ask for inclusion so feel free to join me in writing each year. I was hoping to have more positive news but I have tried all the angles I can think of so if you have any more please let me know

and I'll give them a try.

Good news was that Queensland still had Paints on their Royal program and I take this chance to highlight the results:

• Champion Colt

Moonglades Best Romance

- Mark & Karen Peek
- Champion Stallion

Belvedere Watch The Paint

- Wisteria Park Stud
 - Champion Filly

Boogies Little Sunfire - Vicky Gough

Champion Mare

Rosies Magic Alaround - RJ & J Fyfe-Farrell

• Champion Gelding Just Zippin - KM Johnson

With Spring here its foaling time so I hope all your foals are loud and healthy and you have a lovely lead up to Christmas which is only just around the corner.

PORTFOLIO REPORT - by Jeffrey Hall

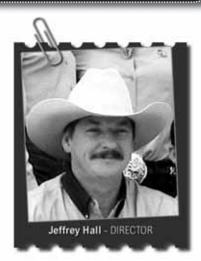

[Rules & Regulations]

For some time now the PHAA has been working on preparing a set of Show and Performance rules, specific to PHAA approved shows. This will replace the use of the current HSAA rules, giving PHAA their own rules and jurisdiction over them, no longer being governed in part by other breed associations.

The rules will cover competition events, show management and the like and will form part of our current PHAA Rule Book.

A draft has now been prepared and is before the Board at the moment for proof reading, perusal and feedback. APHA rules were used as a guide, however these rules are not identical to APHA. Australian Paint Horse owners compete in events that are not

available in the USA and due to the difference in the sizes of our shows and membership level many of the other APHA logistical show rules would not be appropriate to our members. You may be interested to note that PHAA are not "just followers" of the APHA, we have been able to impart some of our forward thinking, with APHA now considering the introduction of Hunter In Hand events into their rule book. The visiting APHA President, Mr Richard

Cox, was quite impressed with this event at our National Show this year. PHAA also had Led Trail events before APHA had accepted the event into their rule book.

From the Board ©

Once the new Show and Performance rules have been accepted by the Board, the rest of the current rule book will be in need of some revisions as some show rules already appear in our current rule book - all be them sparse, and we need to avoid overlap or contradiction. After this step is complete a new and comprehensive rule book that contains membership, registration, show & performance rules as well as the Association's Constitution will be published. With the revisions that are needed and due process for acceptance the entire re-write will most likely come into effect in August 2008. In the interim PHAA will still abide by the Show rules of the HSAA.

The next step will be the planning and acceptance of a judging system, accreditation, training and examination.

All rule book events will be covered in detail, including halter. Evaluation for halter classes will appear in the new PHAA Show and Performance rules. Further events taking in what we may consider rodeo events will be included as well – various roping events, to try to promote the versatility of our Paint Horses. Some other classes – Traditional English events of Dressage and Hacking, will not be included – you will be referred to the appropriate EFA & Hack Council rules, the same will be for Cutting – NCHA rules.

Once an acceptable Judging Accreditation has been formulated the PHAA will be able to plan Judging Seminars across Australia. This process should commence a few months after the acceptance and adoption of the new Show and Performance Rules. Further down the track, PHAA may consider hosting seminars on Show Management along with Judging Seminars. This will educate our Show Organisers, Stewards, Judges and helpers, making PHAA Approved Shows the Show to go to.

[Breed Improvement]

- Genetics -HERDA – DNA TESTING

In May a DNA test for the genetic condition called Hereditary Equine Regional Dermal Asthenia (or HERDA) was developed by researchers at the University of California, Davis.

A horse affected by HERDA suffers an excruciatingly painful disorder where the collagen fibres do not properly connect the deep layer of skin called the sub cutis to the underlying tissue. These defective fibres separate when placed under stress causing the skin to stretch and eventually it gives way and tears. Horses usually show symptoms as a 2yo when started under saddle. The pressure of the saddle causes the skin to shift resulting in haematomas and sores or may even tear the skin apart. These lesions are hard to stitch and leave terrible scars. There is no cure for HERDA so afflicted horses are usually put down humanely.

The diagnostic DNA test for HERDA that has been developed allows identification of horses that are affected or that carry the specific mutation. Other skin conditions can mimic the symptoms of HERDA. The DNA test will assist veterinarians to make the correct diagnosis. For horse breeders,

identification of carriers is critical for the selection of mating pairs. Breedings of carrier horses have a 25% chance of producing an affected foal. Breedings between normal and carrier horses will not produce a HERDA foal although 50% of the foals are expected to be carriers.

Results from the diagnostic test offered are reported as follows:

• N/N

Normal - horse does not have the HERDA gene.

• N/HRD

Carrier - horse carries one copy of the HERDA

gene.

• HRD/HRD Affected - horse has two copies of the HERDA gene.

To facilitate our members in making informed breeding choices the Board of Directors from the 1st August 2007, have enacted a rule change which requires all imported horses and imported semen which trace to Poco Bueno be tested for HERDA and have

their status recorded on their registration records. We also encourage and support the testing of all existing registrations and their resulting progeny.

Testing is offered by UC Davis http://www.vgl.ucdavis.edu/service/horse/ and Pet DNA Service, Arizona http://www.petdnaservicesaz.com/Equine.html on the provision of hair samples.

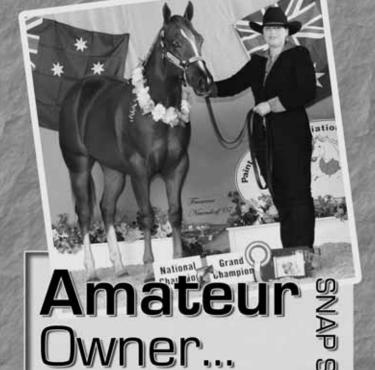

- Breed Improvement - HALL OF FAME

This will be the last reminder for applications for the 2008 Hall of Fame inductions which will be due before the next journal comes out. Inductees will be presented during the National Show week and will coincide with our 35th Anniversary.

STALLION PROFILES

In this journal I am featuring the contributions of Australian bred stallions to the Association so have a look for the "Australian Made" article. If you have a "home grown" stallion that has progeny doing him proud in the show ring let me know and we'll sing his praises.

HOW LONG YOU'VE BEEN INVOLVED IN PAINTS

Sue Sparkman introduced me to the paint world three years ago now.

· WHAT HAS YOUR CAREER IN PAINTS INCLUDED

I was lucky enough to learn to ride on the Sparkman's fantastic mare Skipastaray, who taught me a lot about western riding. Coming straight out of the English world, the hardest part was having no contact on the reins! Skip and I with help from the Sparkmans achieved High Point Performance Horse of the Year in 05/06, the first year I ever rode western! She is a truly amazing horse and will always hold a special place in my heart. In 2005 Skippy had a paint bred colt (by embryo transfer) by My Only Concention and I knew I had to have him, so Sherman became my project. I couldn't have asked for anything better as this year at the Nationals he went Grand Champion PB Gelding at Halter, National Champ Hunter in Hand and Reserve in the Led Trail!

YOUR CURRENT HORSE

My Only Skipastar (aka Sherman), a paint bred gelding who is now 2 years old.

• BEST SPECIAL MOMENT WITH YOUR PAINT

Winning Grand Champion Paint Bred at the Nationals. I told Sue that Halter didn't matter to me (Performance rocks) and she had great delight in reminding me of that as I came out of the class with tears of happiness running down my face and shaking like a leaf. Sherman has also won numerous High Point awards with SEVPHC including overall Paint Bred Halter and High Point Yearling Performance against all western breeds.

· WHAT DO YOU DO WITH YOUR PAINT

Sherman is going into training for his two year old year but I hope to ride him in a couple of AO classes at the Halter Showcase this year as well as take him to the State and National shows. He blends in really well at the quarter horse shows because he doesn't have any patches.

• WHAT IS YOUR MAIN GOAL WITH YOUR CURRENT HORSE

To do well in Open and AO competition at major all breed shows like Halter Showcase and NPHA as well as local quarter horse and paint club level shows. I think he is going to be a fantastic all round horse.

• WHAT DO YOU LOVE ABOUT PAINTS AS A BREED

Their personality, trainability plus every one is uniquely marked.

· WHAT ARE YOUR TRAINING SECRETS

That would be telling! It's all about how much time you are prepared to invest in your horse. When Sherman was a yearling, I trained him five days a week for about half an hour each day for five months before the Nationals. Short sessions are the key with babies and patience, but don't put up with any nonsense!

· FAVOURITE EVENT AND WHY

The Nationals for the socialisation and the Halter Showcase because I can take my paint bred out against the best horses in the country.

WHAT EVENT ARE YOU LOOKING FORWARD TO THIS YEAR

The Nationals

The Vic State Show its going to be bigger and better than last year The Australian Halter Showcase Make A Wish

Amateur
Owner
[REPORT]
- by Lee Wear

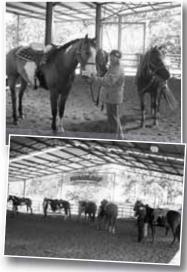

Well it's been a bit quiet at my place with everyone being placed into lockdown by the Equine Flu, gone are Saddle Club days of all of us gathering at someone's place to ride.

It's a great chance to go over all those training video's and refresh all those forgotten exercises and a great chance to do all those chores we keep putting off because it's a nice day for a ride. Anyway I'm sure if everything goes to plan we will all be out showing shortly.

Prior to the lock down we were able to hold our 2nd A/O clinic for the year, it was held at Cobbitty with Tim French and Therese Searle and I have to say while it was a great day for training it was cold and windy. Turns out that the wind made for a great training aid as we all show at Cobbitty on a regular basis so now all our horses are much

better for the day of training in the wind. We had a good turn up as you can see from our happy snaps which were all taken from what I

like

to call "Murph Cam". Tim and Therese kept us all entertained and everyone was keen to get together again. It's great to train with others as you can swap ideas and training tips with the added bonus of being under the guidance of a trainer to help you out. I have to say it was a great chance to get together and was even better when the following weekend we had a double day show and all of us were able to support each other. A big thanks to Tim and Therese for the time and effort they put into the day and a monthly coffee club has been born from the clinic which is great for all of us. If you're interested in joining our coffee club anytime please just contact me and I'll give you the details to the next one being held.

If you don't live in Sydney but you are interested in having a clinic in your area, all you need is 10 or more Paint members, an arena and a trainer or two. I'm happy to help with as much as I can just contact me and I'll see what I can do.

Congratulations goes out to Jessica Burrows Mooloolah in Queensland, the winner of our 2007 foal "RU Chase Dreams". We wish you good with luck your new partnership and hope to hear how you're going. Thanks to everyone who brought or sold a raffle ticket, the foal raffle was a great success which is only possible if we all do our little bit. Another big thank you goes out to Kim Harris from RU Paint and Quarter Horse Stud for donating such a lovely filly. Now we excitedly await the birth of our next foal from Darren & Michelle Manteit. Stay tuned for news on that.

The 2008 World Show trip is starting to take shape so if your interested please contact me either by email lee.wear@camden.nsw.gov. au or give me a call on 0418 203 167. The trip will be a great opportunity to see the World Show first hand and support our Youth team not to mention the shopping possibilities.

With our web site growing we would like to hear from Amateur Owners out there about what you would like the A/O page to include so if you have any ideas or suggestions please contact me so we can see what we can achieve together. I'm happy to run with ideas but would love some help from the membership to get the best outcomes.

Until next time, stay flu free and enjoy your Spring

111. BLOODTYPING/DNA TESTING

(This new rule is in response to the new gene test now available for the HERDA genetic disorder; present in some Poco Bueno bloodlines. For many years, the PHAA has been in the forefront of identifying and trying to minimise or eliminate genetic disorders from Paint Horses in Australia – such as HYPP. Recording of HERDA status will allow Paint Horse breeders to make informed and responsible decisions regarding future matings.)

Add clause

(g) From 1st August 2007 all imported horses and imported frozen semen donors of 'Poco Bueno' bloodlines must be tested and their status recorded for the genetic condition, HERDA. The PHAA would encourage members to voluntarily test all Australian horses that trace back to 'Poco Bueno' and have that status noted on the horse's studbook records. Where the status of both parents has been tested negative, no further testing of progeny is required.

228. AWARDS FOR PAINT BRED HORSES

(These rule changes were made to bring rules and categories for Awards for Paint Bred Horse in line with those for Regular Registered Horses)

Amendment to Clause (c)

(c) Points would be awarded on the same basis as all other PHAA points. Six awards will be available (ie. ROM, Superior, Champion, Century, Superior all Round, Supreme).

228A. PHAA PAINT BRED SUPREME HORSE

The title PHAA Paint Bred Supreme Champion will be awarded to any stallion, mare or gelding which has been issued a numbered regular registry certificate by the PHAA, provided the said horse meets the following requirements.

- (a) Has been named at an approved show, National or State Champion at halter.
- (b) Has won a total of at least eighty (80) points in halter and performance shows.
- (c) At least thirty (30) of those points must have been won in halter classes.

- (d) And at least fifty (50) of those points have been won in performance events approved by the PHAA.
 - 1. No more than ten (10) points won in any one performance event will be counted.
 - Horse must have earned at least one Register of Merit in each of Categories 1, 2, 3 and 4 of performance events as listed above.
 - And must have earned at least one (1) Register of Merit in either category 6 or 8 as set out in Performance events above.
 - 4. And must have earned at least ten (50) points as indicated under category 6.

In the event that this title is awarded, a special and engraved trophy shall be prepared and presented to the owner of the said horse at the next annual general meeting of the PHAA. A proper notation shall be made in an applicable Stud Book and other records of the PHAA.

The title of "PHAA Paint Bred Supreme Champion" is hereby, from this date and in the future, reserved by the PHAA for its express use. The registration certificate of any horse shall be revoked permanently by the Association if the owner thereof fraudulently advertises, claims or holds forth that this certain horse is entitled to the title "PHAA Paint Bred Supreme Champion" prior the title being officially awarded by the Association.

228B. PHAA Paint Bred Superior All Round Horse

The title "PHAA Paint Bred Superior All Round Horse" will be awarded to any stallion, mare or gelding which has been issued a regular registry certificate by the PHAA provided the said horse meets the following requirements:

- Must have a superior rating in halter, having earned fifty (50) or more points.
- 2. Must have one superior rating in one performance class having earned at least fifty (50) points in one of the categories 1,2,3,4,5,6 and 8.
- 3. (3). Must have earned at least one register of merit in at least four (4) of the performance contest categories 1, 2, 3, 4, 5, 6 and 8.

In the event that this title is awarded, a special and properly engraved trophy shall be prepared and presented to the owner of the said horse at the next annual general meeting of the PHAA. A proper notation shall be made in the applicable Stud Book and other records of the PHAA.

The title of "PHAA Paint Bred Superior All Round Horse" is hereby, from this date and in the future, reserved by the PHAA for its express use. The registration certificate of any horse shall be revoked permanently by the PHAA if the owner thereof fraudulently advertises, claims or holds forth that this certain horse is entitled to the title "PHAA Paint Bred Superior All Round Horse" prior to the title being officially awarded by the PHAA.

NOTICE OF GELDING AMNESTY APPLICATION

Gelding Amnesty Application

The PHAA Board of Directors has provisionally approved the following Gelding Amnesty Applications. In Accordance with new rule 102(f) the following Gelding Amnesty Applications are advertised. Objections in writing to these applications may be lodged by members no later than 31st October 2007. Such objections will be considered by the Board of Directors prior to full approval being granted.

WHORRD THORRD'S A

I was first impressed with Wills attitude to horses, competition and life in general when I had the pleasure of meeting him, along with his parents Arthur and Sharon and of course "Kash" at a local Dubbo Western Performance Show earlier this year.

We have all heard the old phrase, it's often used to encourage us and to keep us motivated. Nothing could be closer to the truth than if you have had the privilege of meeting young PHAA member William Hupp. Will is the most delightful young man and an inspiration to many older, more experienced Paint Horse competitors. Born and raised in the charming NSW country town of Gulgong, and at 11 years of age, young Mr Hupp can already claim a NSW State Championship title, deservedly won with his remarkable **Paint** Gelding Counthekash.

Nothing phases Will, he continues on his path no matter what, is eager to learn and not afraid to ask for help, this is all reflected in his horses performance. The odds can be stacked against the new to the industry and the younger youth competing in Open events, let alone couple this with an inexperienced yearling. None the less, Will and Kash have shared success and enjoyed their

journey headed for greater heights.

The determination and dedication that Will has shown is second to none, and not just with his horse. Will was born with a condition known as Talipes. At birth his left leg was twisted around facing the opposite direction and there was no calf muscle formed on that leg. He spent his first 6 months of life in plaster, with weekly changes, and major reconstructive surgery carried out on the leg. At only 7 months of age he had a further operation to release the tendons, however this was not as successful as had been hoped. Further surgery 1 year later, an infection set in and Will almost died. Another 6 months later and another lot of surgery. Will not being able to try to start to walk until he was 2 1/2 years old. As a result of his condition, Will has one foot 2 sizes smaller than the other, one regular leg and one that is somewhat slimmer, and walks with a slight limp. I asked Will about his leg and with a cheeky smile his reply was "Well, I'm lucky to have one", he then added "When I ride a horse, all of the pain

goes away" – what a fabulous outlook on life this young man has.

Although the family were not really "into horses" Mum and Dad gave into the wants of their young boy, who always wanted to be a cowboy. A Welsh Mountain Pony named Tillie came into Will's life when he was only 3 years of age. Tillie taught Will a thing or two along the way, being a seasoned child's pony, she knew all of the tricks. Tillie remains part of the Hupp family today, and has produced Will's second horse "Slim" a black pony that started off Will's Western Performance Showing in January 2007.

Why Paints? I thought that was an obvious question to ask. The Hupp family raise Polled Hereford cattle and have another property in Boggabri, NSW. Arthur had seen an (unregistered) overo Paint mare on the neighbouring property in Boggabri and decided that he should buy her for Sharons birthday 3 years ago. What a surprise! Wills keen interest in horses also led him to become involved with the neighbours to the family home in Gulgong, Dave and Kathy Henderson. Will had watched Dave & Kathys children riding a Paint Horse and wanted to go and ride it as well. This then extended into sharing fun days with the Henderson children Josh & Meredith. Paint fever had touched the Hupp Family's hearts and Arthur needed to find a registered Paint Horse to buy. Along came Illoosion, known as "Louie", now a 4 year old, she was purchased as a 2 Year Old in the process of being broken in. Louie proved to be a successful show horse, winning the 2006 National Show 2 YO Hunter Under Saddle Futurity, 3rd in the 2YO Western Pleasure Futurity and Reserve National Champion 2YO Hunter Under Saddle class. Will loved Louie and wanted a horse just like her. At the Paint Horse National Show in 2006 Will met the full brother to Louie, a weanling gelding named Counthekash. In fact Dennis Sullings who had Kash at the show said that the minute Kash saw Will - he knew that it was love at first sight. Kash chose Will. Will wanted Kash, he would check the Loots Image web page regularly to look at the gelding, then he was so disappointed when Kash was taken off the site. Arthur explained to Will that Kash had probably been sold to someone else and then removed from the website. Will accepted the fact that the gelding had been sold. Unbeknownst to him, Arthur and Aunty Norma had already travelled to Gunnedah and collected the gelding. On the morning of Wills 10th birthday, what should be on the front lawn - the beautiful Paint gelding Counthekash! Dreams do come true.

Kash was only a young horse, and Will himself new to Paints, help training Kash came from trainer Wayne Caslick. During the Christmas holidays of 2006 Wayne began training Will and Kash in Led Trail. Their debut was in January 2007 where Kash, along with Wills pony Slim attended the Dubbo Western Performance Club Show. Will & Slim competed in Showmanship and Best Presented, Kash was a little excited about the show however still managed a 2nd ribbon in the Best Head class. Will was determined to improve on his performance and returned with Kash for the February show. He had practiced his Led Trail every day in between shows. The partnership were proud to receive the second place ribbon in Led Trail at that show. A similar result was achieved at the March show under Wayne's guidance.

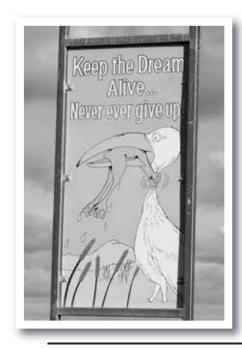

Next came the National Show. Mum decided that the National Show was not really the place "for a kid to show a horse", Wayne therefore given the job of showing Kash. Will was just as excited to watch his horse under the guidance of Wayne as he would have been to compete himself. Kash finished National Reserve Champion in both Led Trail and his Gelding Halter class. Not long after the National Show Kash developed a mystery rash on his hindquarters. Remedies were being offered to the Hupps left, right and centre, but nothing seemed to help. The rash spread and effected Kashs mane, the NSW State Show was looming and Kash had next to no mane – certainly not enough to band. What to do? The mane had to be hogged off. Slowly the rash healed, just in time for the NSW State Show – and one less job to do – no banding!

Will had practised his Led Trail everyday and Lunge Line most days. He has a modest but effective trail course at home, with a gate, bridge and many other "spooky" obstacles to help teach Kash to be a solid, trained and reliable trail horse. Aside from working together, Will and Kash spend fun time together too. I asked Will what was his favourite thing that Kash can do, to which he replied "Kash gets his black tyre feeder and throws it across the paddock. Not because he is hungry, just because he wants to play. He can throw it 20 feet."

The NSW State Show came around and it was time for the Led Trail class. Ten competitors, all adults except for Will. Staying very focused Will entered the arena. A few had gone before him, each time the judge nodding to indicate that they could start. This time the judge took a second look when he saw such a young competitor in Open competition. This did not deter Will. Kash worked quietly and cleanly through the course, listening to every command that Will would give him – the pair have really bonded over their time together and work as a team. The other competitors and spectators watched intently as the pair completed the course. After the last obstacle was completed a round of applause was heard, everyone knew that Will and Kash had put in the best performance so far. Not another competitor could match the run - awarding from 7th through to first would have been an anxious time, Mum was especially nervous. Then when the time came to announce the State Champion – William Hupp and Counthekash – everyone applauded, it was a wonderful achievement.

I asked Will if he was nervous competing at State level against the adults and trainers, to which he replied "I was just a little nervous, so I just pretended I was at the local Dubbo Show. I was really happy with Kash and am very proud of him." When asked what was his favourite moment "It is really hard to pick out the best, but I can't wait until next show season. I think the best thing about the shows is that we are all like a big family. I now have lots of "Aunties" and "Uncles" and even an adopted Step-Pop Jack Abbott."

Will has ambitions as well, he is focused on constantly

improving and doing his best "I plan to ride in all of the big shows and excel in everything I try. I want to make an all-around horse out of Kash - Western, Reining, Cutting, English, everything really. I am going to aim qualifying for the 2012 Youth Team, that will give Kash & I time to learn to do all of those events".

Driving by the Hupps family farm in Gulgong, you can see that determination is a part of the Hupp way. Have a look at the photograph of the sign that greets passing visitors, it says it all. I spoke with Sharon, Wills mother about her rising star. Sharon is rightfully a very proud mother, telling me that her son rarely gets into any mischief and applies himself to whatever he takes on. Not only has Will excelled with his horse, he plays Touch Footy for his school, loves to sing Alan Jackson songs and has represented his school in Zone Cross Country. When he was training for the cross-country he would run everyday with his father, for 8 weeks. Sharon laughed as she told me that she was worried that Arthur would have a heart attack trying to keep up with Will. The family are appreciative of the support that Will has received from his school, neighbours and other competitors at the Horse Shows - especially Chris Burton and Dennis Sullings, Dave & Kathy Henderson, Helen Moran, Kath Peterson & Jeffrey Hall. The family have made a lot of new friends through owning their Paint Horses and look forward to going to future horse shows. So keep a look out for this ambitious young man and don't be afraid to go and say hello!

Paint Horse Society of South Australia's State It was great to see some Paint Show 2007

interstate competitors participating at our State Show and they thoroughly enjoyed themselves. It was great to see so many yearlings competing which augers well for the future of the club. The State Show was preceded the day before with a Western Breeds Show which was well attended.

STORY BY: **LEE ANN HALL** PHOTOS BY: **LEE ANN HALL**

Monday morning feed time. Off on the usual routine, from house to silo, get the oats, start the brood mare rounds. First stop C-Notes Honey Bee, 23 years young and 16 days over term in foal to Ratchett's Impresed (Imp USA).

Loot Scotn supermum

I had started to become a bit anxious about her being over due to foal, however she was a picture of health – fat, shiny and happy. She had developed a reasonably full udder the previous day so I was expecting her to foal in the next few days, she was in a yard close by the house so that I could keep an eye on the old dear. This was to be a special foal from a special mare. "Ten" as she is affectionately known, is in her twilight years and has been one of the favourite mares that Kevin Mills has owned and bred. Ten was one of his first foals by the imported stallion C-Notes Playboy, not shown herself as solid paints did not have showing rights in her younger years. She is a dear, sweet mare and has been used as a lead pony for many terminally ill children.

As usual Ten spotted me with the barrow full of oats and called out, I was about 100m away from her. She then laid down and appeared to be in labour. The onset was very quick, I went straight to her to find that she had prolapsed, a foal and what appeared to be a part of her bowel and uterus were exposed. Her main uterine artery had ruptured causing her to bleed out quickly. She lifted her head, looked at me and died. It was that quick. Even though I had my telephone on me there was no time to call a vet, it was only minutes. My attention shifted to the foal, a coloured colt, who was very strong and on his feet in a few moments. I went to the house and grabbed what I needed and milked as much colostrum from Ten as I could. It was heartbreaking to see her lying there and to have to do that to her, but the foal needed the colostrum, he was now my priority. The newborn foal is dependant on its mothers colostrum for immunity against infection, it is imperative that a foal receive sufficient colostrum in the first 24 hours of its life. The colostrum is high in protein and antibody content. I was able to draw around 350ml from her and the foal had no hesitation in sucking from a bottle. We always have a bottle, teat, funnel and milk replacer on hand. You hope you never need it, but you just never do know when an emergency such as this can arise.

First feed out of the way and successful, I then called Ross Pedrana Veterinary Surgery to come and check the foal over. What to do with baby now, Dr Ross would not be here for a few hours and I have a new born baby to care for. Luckily the day was quite warm for this time of year, I carried and walked the foal to the stables and settled him there. I was able to get a little more colostrum from his mother and again he eagerly drank from the bottle.

Due to the outbreak of Equine Influenza it was not possible to call around to find a foster mare, the no movement of horses regulation was in effect and a mare would not be able to be transported here, nor the foal to a mare. Only one day earlier, we had another mare foal, maybe she would take the new born and maybe she would still have a little colostrum. Colostrum is usually in the mares milk for the first 24 hours, she had foaled 26 hours before, so maybe not, but worth a try. I knew that my chances of her accepting the orphan were very slim as she still had her own baby and had spent enough time with him to form a strong maternal bond.

I caught the mare "Loot Scootn Suzie" (Poosh) and put her in a stable with her foal, I then brought the new born in. I knew this could end in disaster but when weighing up the good and bad I believed it was worth a shot. Poosh is a lovely big mare, quite fractious at times and not the friendliest – but only through lack of handling. She is not really the most social horse on the property, but she was the only one with a relatively new born baby. She was not happy about the other foal being there and started to show aggression towards

him. I tied her up and fitted her with a collar and leg strap to prevent her from kicking at the foal or at me. I directed the orphan foal to the teat and he was immediately interested in suckling, Poosh on the other hand did not want him there. To make matters worse I was home alone and had no one to help handle the mare. I then got her own baby alongside of the orphan and managed to have them both suckle at the one time. Once I was happy that they were both full I left them to sleep and put the mare in the adjoining stable, where she was able to see both babies.

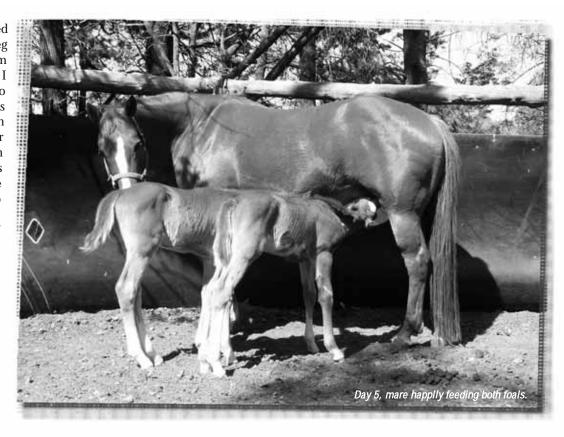

Time for mares, foals and myself to take a break while waiting for the Vet.

I returned to the house and got into reading several different books that discussed raising orphan foals. Most only dealt with one mare / one foal or did not give much hope of a mare accepting a second foal. In most cases a mare loses a foal and is then used as a nanny mare for a foal that has lost its mother. Many thoroughbred studs keep nanny mares just for this purpose. All the books had one thing in common and

that was to disguise the smell of the new foal. So I guessed I had to make both foals smell the same to confuse the mare into not knowing which was hers. I spoke to Dr Ross before doing this and he said to try using vanilla. Returning to the stables I allowed the mares natural foal up to her first and watched the way in which she had greeted him - firstly she sniffed his buttocks, then his shoulder and then his face - I let him suckle then took Poosh away. Next these 3 areas on both foals were wiped with the vanilla and the

mare allowed back in the stable, restrained with the leg strap and both foals given the chance to suckle. For a few moments she was not sure and allowed them both to drink. This didn't last very long before she realised there was an addition to her family that she didn't approve of.

Still, I believed it was worth persevering as long as I could get the new born to suckle I didn't really mind that I would have

to restrain the mare and hoped that over a few hours she would give in and accept him. Allowing the foal to bond with a mare is better for his psychological development than bonding with a human. The foals have now been named – the orphan Jose and the natural foal Ricky, don't really know where those names come from – but they will do. Jose thinks

that I am his mother, but Poosh is the milk bar, so that's not too bad for now, until we can get him to bond with the other foal or the mare. Dr Ross arrived and assessed Jose and my chances of getting him to survive and having Poosh accept him. As a precaution Jose received a bag of plasma intra-venously and the usual baby vaccinations. A catheter was left in place so that we could easily administer any drugs that may be needed. The plasma would boost his immune system. Dr Ross also provided a

drum of milk replacement powder so that I could bottle feed Jose, both of us assuming that Poosh would reject him.

Every 2 to 3 hours I would return to the stables to restrain the mare and allow both foals to feed. As the vanilla did not seem to be masking the differing scents of the two foals I switched to eucalyptus oil. The oil being a natural antiseptic

may also benefit the well being of José. A light wipe over with eucalyptus oil and some Vicks Vapour Rub on the mares nose each feed. As each feed went by Poosh was a little more acceptant of José, the oils seeming to mask the scents sufficiently to confuse her long enough for them to feed. The foals and mare were kept separate between feeds to avoid injury to the orphan as the mare was still showing some aggression towards Jose during day 2.

On the second evening José had a check up from visiting vet Dr Kevin Doyle. Finding it difficult to select which of the 2 foals was the orphan José got the all clear on day 2, another bag of plasma just to be sure and continue with our regular feeding program.

By the next morning, without the use of a leg strap, Poosh was allowing the foals to drink. She was happy to stand and let them nurse while ever I watched over her although she was still quite tense. The few times she would show signs of aggression I would only have to scold her and she would refrain. Everything was starting to work out, the foals were in a routine and accepted the mare leaving after each feed. As I would move the mare out of the stable the 2 boys would move to the back of the stable and play for a short while and then sleep. They were recognising the sound of the gate to the stable compound and would call out every time they heard the chain rattle, knowing I was on my way to put them on the milk bar. Two happy, healthy foals and a stable block that smells like a koala house. I was becoming concerned for the welfare of the mare though. It takes a good mare to accept another foal, let alone raise her own and live in confinement that she is not used to. We had started to develop a bond and Poosh was settling to my activities. I would make a point of picking her large bundles of fresh grass each time she fed the babies and gently brush her, anything to keep her happy. I was careful with the length of time between feeds, not only for the babies sake but I was concerned about the mares comfort and the risk of mastitis or tender teats.

Getting up through the night and walking back and forth to the stables all day was taking its toll on me already. At least with a human baby they are in the house! Each time we fed, the mare seemed to settle a little more and by the 4th day I was able to let her into the stable with the boys and leave her alone for an hour at a time without any restraint. Although I was doubtful she would ever accept Jose, she was now allowing him to walk around her, walk up and nurse and play with her foal. Up until this stage she would only let him nurse. She would now happily eat her feed while the foals were drinking, this indicated to me that she was starting to relax and accept that she had double trouble. I decided to

test her and led her out of the stable with the 2 foals following, a little sunshine and some fresh grass would have to cheer her up and I would be able to see her reaction to the foals out in a larger space. She was very protective of her own foal and showed no aggression towards Jose. And then a wonderful thing happened, Jose

wandered off a little and she called out to him, he answered and came back. I felt so excited.

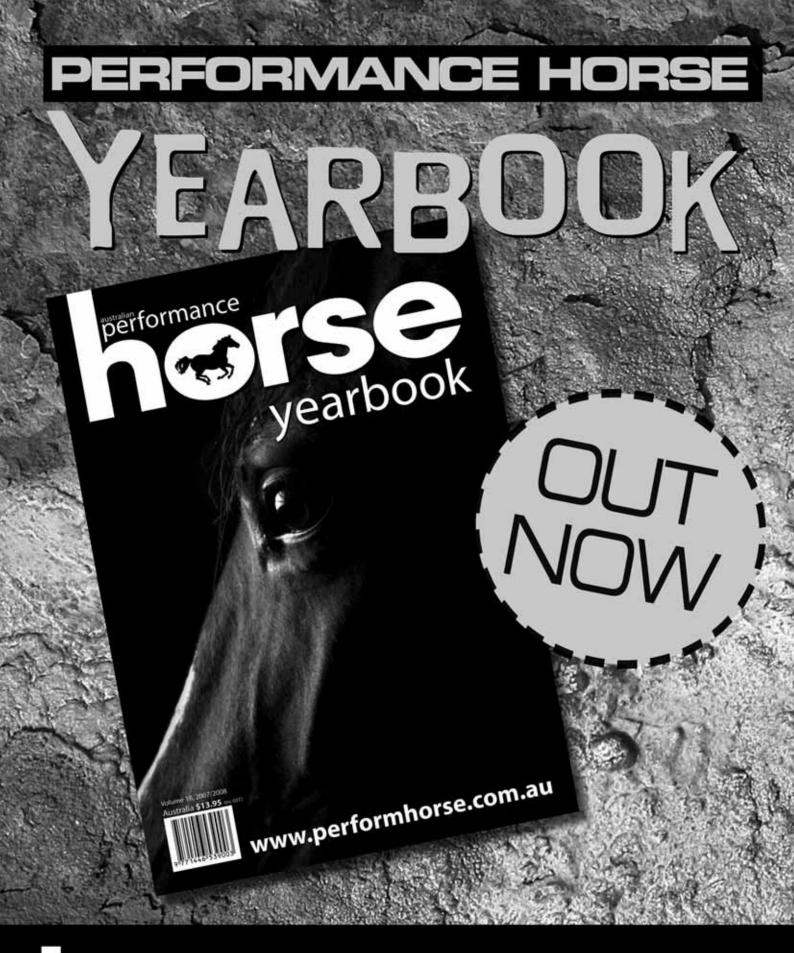

Later that evening I had cause to have the vet visit to attend another mare (all is well with her) both Dr Ross and Dr Doyle both were very pleased with the progress of Jose, both commenting on his strength and that they would not be able to choose which was the orphan if they didn't know.

Day 5 - both foals are gaining weight and growing well, and both need to stretch their legs more often. So a few more trips out on the grass with Poosh through the day. With both foals growing so well and after consultation with the Vet, I decided to supplement their diets with Di-Vetelact Milk replacer by bucket as well as allowing them to nurse from the mare. I introduced both foals to the bucket by putting milk on my fingers and lowering my hand into the bucket. Both were very interested in the milk but didn't want to put their heads down to drink. I tried for quite some time and then though this would never work. I left the bucket secured to the wall in the stable and returned to the house. After 2 hours I returned to find the bucket drank almost dry and both babies with milky muzzles and milky ears. That was a relief. With the introduction of bucket feeding I could stretch the feeds out to 4 hours, letting them nurse from the mare and then leaving them with a bucket, being careful not to leave the mare too long in between drinks.

Jose is now 1 week old and progressing beautifully. He is developing his own personality and learning about being a horse, he has learnt that humans are not horses and other foals are so much more fun to play with. Hopefully he will continue on his way and be a beautiful gelding that you may see in the show ring.

With the constant handling, Poosh has become a delightful mare, she enjoys the attention she is getting and has become quite friendly. She loves getting brushed and having grass picked for her. Although she can't wait to have the babies in to drink, when time comes around she certainly lets me know when they have had enough and she wants to return to her own stable. She is becoming quite a character.

I hope that this story can help anyone who is in a similar situation. Orphan foals and nanny mares are not uncommon, but getting them to work out can be very trying. Believe me, it is well worth the sleepless nights when you hear that little nicker or see the babies playing together in the sunshine with an anxious mother standing by. Don't ever give up on the little ones. 5

named as many people who bought tickets were doing exactly that, chasing their dream to own a Paint Horse. It certainly happened when Jessica Burrows purchased her winning ticket. Jessica had purchased 5 tickets over a few weeks from the BP Mooloola Qld (operated

by PHAA member and stout Amateur supporter Shirley Sommers) not thinking that she would have chance any winning.

Jessica's 22nd birthday was on July 18th, what a surprise when she received a telephone call on the 21st to say that she had won the raffle. Jessica's boyfriend Rob answered the call and handed the telephone over to Jessica, both believing it was a hoax call or a belated birthday prank. She asked a few times to make certain that the call was genuine. At that time she did not live in Caboolture but just happened to be in town at the Fantastic Farm Show, in their truck.

The raffle was drawn at the Queensland State Show in Caboolture. Talk about coincidence.

Rob & Jessica promptly arrived at the Caboolture Show Grounds to see the prize filly and meet Kim & Margaret who had donated "Chase". The Harris family had prepared the filly for the show, but were not so prepared when it came time to say goodbye. Kim and Margaret's 3 children, Khira, Jesse and Ethan had worked with the filly since she was weaned, doing most of the feeding, rugging and daily chores, it was a very emotional day to see "Chase" go to her new home. The Harris family still miss her but are very pleased that her new owner is so excited about her.

Chase is progressing really well in her new home and has become a part of the family. "She is absolutely gorgeous and

we just love her. We have lunch at the picnic table some days and Chase comes along with us, standing by the table" Jessica told me. Although Jessica had no other horses at the time of winning Chase, she had previously owned and loved a Standardbred x Arabian mare named Bonnie, who unfortunately had to be sold 5 years ago when Jessica moved house. Jessica had owned her since a young horse, broken her in and had a lot of fun riding her. Presently Jessica and Chase are learning natural horsemanship together and are doing a lot of basic groundwork. When the filly is old enough she will be broken in and maybe shown, Jessica has no high pressure plans for Chase, what ever comes along, she just wants to have fun

and enjoy her. Thank you to South East Queensland Paint Horse Association for allowing the PHAA to draw the raffle during the Queensland State Show. **

Spotlight on "home grown" stallions

"Blue Gum Cloud Dancer"

3534 Black Overo

SIRE: Winds Of Fortune - 2914

DAM: Crillee Freckles Dixie - Q6730 (dec)

"Cloudy" holds the bloodlines of some old but well known and performed horses in the industry such as Mr Freckle Boy (imp), Juco (imp), Medora Trade Winds (imp) and Broomfield King.

"Cloudy" is without a doubt one of the best performed Paint Stallion in Australia. Over his eight year show career he spent six months of each year in the paddock with his mares and foals, not only does Cloudy have the ability to perform he also has temperament to die for and has proven this many times over in the arena and in the paddock with his mares and foals.

"CLOUDY" HOLDS THE FOLLOWING TITLES

Register of Merits: Dressage, Western Pleasure, Bridle Path Hack, Halter, Reining and Trail.

Superior Horse Award: Western Horsemanship, Hunter under Saddle Trail, Western Pleasure and Halter.

Hi Point and Reserve titles to many to list.

His major achievement was in 2002 when he took out Hi Point Senior, Western and English Horse of the National show.

"Cloudy" has proven himself as an all round versatile stallion in many disciplines. Not only has he passed his nature onto is progeny but he has also passed on the ability to perform.

"Cloudy" has produced some outstanding horses which people have chosen to keep as pets or have joined their brood mare band.

"Blue Gums Dark Angel" has followed in her fathers foot steps by taking out in 2005 Hi Point 2yr old National Show

and Hi Point 2YO NSW State Show, 2006 Hi Point Junior Horse, Western Horse, Hi Point Junior and Western Horse, NSW State Show and in 2007 she took out Hi Point Junior Horse and Junior versatility for the State Show.

So when considering a stallion for your mares don't over look the home grown boys.

"Peppy Shaker"

3195 Chestnut Overo

SIRE: Peppy's Chickabar

DAM: San Antonio Rose

Bred by Mike and Carol Elliott in Victoria and sold as a weanling to John Morrison who showed him to win PHAA National Champion colt and Yearling Futurity Champion.

Purchased by Murray and Vicki Stevens in August 1992 when Peppy Shaker had just turned four. His show record at that time had 16 Halter Points and 1 Western Pleasure point.

Over the next two years Peppy Shaker with limited training and shown by trainer, David Norbury, Peppy attained National Championships in Western Pleasure, Reining and Get of Sire plus multiple State Championships in Halter, Trail, Western Pleasure, Western Riding and Reining. At his retirement from the show ring he was a PHAA Champion, a Superior Halter Horse plus ROMs' in Trail, Western Pleasure, Western Riding and Reining.

Sired by Peppy's Chickabar, who was a sabino by the imported QH Crop out sire, Peppy's Doc Bar, who now after his death has been registered QH. Chickasha Bar, the dam of Peppy's Chickabar, was a Sabino crop out by Chickasha Dan (Imp) out of Kitty's Gail (Imp). Peppy's Chickabar as a two year old won the 2YO Open Breed Sires Classic Western Pleasure futurity with Craig Emerton and then as a 3YO won the Wagga Cutting Futurity again ridden by Craig Emerton. The following year he won the NCHA Derby with Graham Lamey on board.

Peppy Shaker's dam, San Antonio Rose, a loud Overo, was a PHAA Weanling Halter Futurity Champion and National/ State Weanling Filly Champion & has a Superior Halter award.

Her sire, the loud Overo Diamond Jim Jnr (Imp) has only five PHAA registered progeny because he died from an injury shortly after arriving in Australia. Her dam, San Jose, was a crop out by San Leo Joe (Imp) out of Sextant (TB) who produced six PHAA Weanling Futurity Champions.

Peppy Shaker has sired progeny who have shown ability in most facets of the horse industry. To name a few who have proven their sire has past on his versatility and trainable mind are;

• Twin Oaks Cleopatra – trained by Natasha Backhouse and created history by being the first horse / rider combination to win all three VRHA, NSWRHA and QRHA Non-Pro

Reining futurities plus the NRHA Youth Champion. Cleo also won the PHAA Senior Reining title plus multiple State Champion Reining titles.

- Peppys Bonanza PHAA Sires Classic Champion, Weanling Halter Futurity Champion and Southern Circuit Super Slider Reining series Champion
- Shake It Up Babe PHAA National Weanling Halter Futurity Champion, National Reserve Champion Weanling Filly, State Champion Weanling Filly, Western Pleasure and Hunter under Saddle State Futurity Champion.
- DS Streetfighter Western Pleasure Futurity Champion.
- All The Right Moves National Champion Yearling Filly, State Western Pleasure Futurity Champion, Superior Halter Horse.
- Kelang Shakin Morn VRHA Reserve Open Reining Champion.
- Twin Oaks Speckled Oak multiple 2YO and Junior Horse high point awards in Open Western Breed shows in central Queensland with Robyn Edgar.
- San Bar Peppy Multiple Dressage and Hack Championships
- Wyandah Peppys Jag PHAA Champion, PHAA Champion Youth Horse, Superior awards in Western Pleasure and HUS, Weanling Halter Futurity Champion, multiple awards in Western Pleasure, HUS, Trail, Western Horsemanship, English Equitation and Halter in Open events as well as Youth.
- Twin Oaks Peppy San Bar winning and placing in Rookie Cutting events in North QLD.
- Twin Oaks All Talk PHAA Champion, multiple awards in Western Pleasure, Trail, Western Horsemanship, HUS and Halter.
- Twin Oaks Tahnee Winning and placing in Campdrafting in the Charters Towers area.

Peppy Shaker as a show horse has equaled or bettered what most imported Paint Sires have achieved, plus through his diversity as a sire over a limited number of mares he has put on the ground everything from Halter Futurity Champions to saddle horses of all descriptions. ©

PHAA YOUTH · DIRECTOR - LEE WEAR

Youth report...

It's an exciting time of the year what with the World Show Team to be selected and the new season of showing starting up along with the wrapping up of last season's high points. Congratulations to all of you that have earned yourself ROMS throughout the year and to everyone on the way in which you have conducted yourselves, I'm always impressed with the level of sportsmanship shown throughout our Paint Youth.

It'll be a slow start to the year with NSW & QLD in lockdown from the Equine Flu but it's a great chance to practice all those arena exercises so you're ready for your next show.

Each journal we try and spotlight a Youth member so you can all get to know a bit about each other even if you don't see each other too often. This gives us a great way of getting to know each other but is limited by the amount of space we have in our journal so with that in mind we would like to build up our web page so we can all get to know each other a bit better. If you would like to be involved in providing your snapshot details and a photo for our web page we will see about getting our page up and running. You don't have to show to be involved, you might be a trail rider or go to Pony Club or even just hang out locally with your paint, everyone is welcome. If you're interested email me at

lee.wear@camden.nsw.gov.au or contact me on o2 4681 8508 so I can get your information from you.

You'll also notice a report from your Youth President and a review of the QLD State show, Rebecca and myself are aiming at having a dedicated page for Youth each Paint Horse Journal so if you have a story you'd like to share please let us know so we can help organise it. If we cant get it in the Journal then we will try our best to get it into our web page. Please keep it in mind should you attend anything you think might interest others, could be a show, a Pony Club event, a trail ride or even just a great day out with your Paint or visiting someone else's Paint that you let us know.

Until next time we catch up

Youth report...

HELLO TO ALL YOUTH,

As we near another busy show season, what a year it has been, with the 2007 Nationals, the new venue for the NSW State show and more recently the QLD State show, I would like to congratulate all youth on their sportsmanship, effort and dedication to this show season. It seems that as each year goes by the competition within the youth takes a step further forward.

For all those youth who have been gathering enough points together to qualify for the 2008 Paint Horse Youth Team, don't forget to thank mum and dad for there support and for all of those miles they have done with you in the past 2 years, I am sure they will be enjoying the break. I wish all of those who have qualified the best of luck with the selection process it sure is an experience of a life time.

The end of the show season also brings a time of change with it, we say farewell to those older youth that have left us with there

wise words and models to follow. We wish all of the youth leaving us the best of luck in the Amateur circuit. Also for those youth who have new horses best of luck with the new challenge.

Have a great break, hope to see you all fresh and ready for the 2008 show season.

Yours sincerely

Rebecca Gant - Youth President

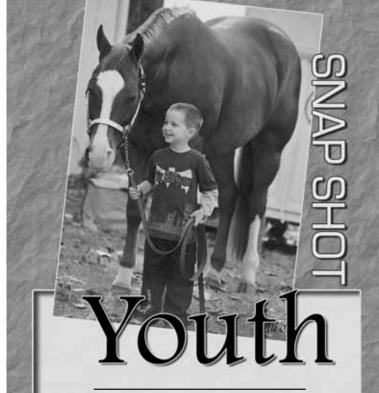

Picture Victoria Egan telling dad about his trail course.

With the New South Wales State Show and Grafton show all over it wasn't long before we all packed up and headed for sunny state Qld for the 2007 State Championships and hopefully some warmer weather. However we experienced what seemed like some of the coldest nights in the history of Caboolture, but being the dedicated young youth we are we braved the cold and we all stayed to share the company of each other and to compete at another great QLD State show.

It was an action packed show that on some days reached into the early hours of the night. The SEQPHC held their annual Paint-O-Rama on the 19th and 20th of July, with E Towill, J Serry and K Holzberger judging a fantastic quality of competitors. The State show then ran on the 21st and 22nd with International Judge - Deanna Akin.

It certainly was a great show and Deanna helped the youth out before and after classes telling them what she was looking for and after the class what we could

- HOW LONG YOU'VE BEEN INVOLVED IN PAINTS: All my life
- WHAT HAS YOUR CAREER IN PAINTS INCLUDED: Leadline, lots of leadline on Highly Jazzed (Imp USA) – this year I won National Champion! I was very happy when my sister Jessie started doing Walk Jog.
- YOUR CURRENT HORSE: We sold my horse Highly Jazzed but Sharyn Simpkin his new owner is very kind and lets me still ride him at the big shows.
- BEST SPECIAL MOMENT WITH YOUR PAINT: Winning National Champion Leadline this year because Dad bought me a skateboard to celebrate.
- WHAT DO YOU DO WITH YOUR PAINT:

Not much at the moment because there aren't many shows but I'm learning to ride.

• WHAT IS YOUR MAIN GOAL WITH YOUR CURRENT HORSE:

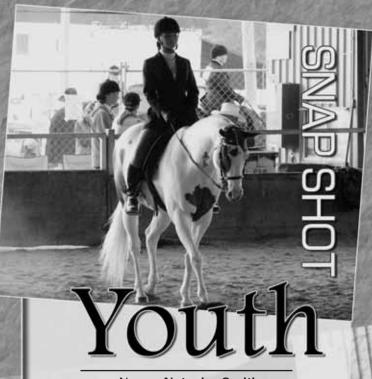

To ride HJ again this year.

- WHAT DO YOU LOVE ABOUT PAINTS AS A BREED: They are cool colours.
- WHAT ARE YOUR TRAINING SECRETS: Marie Farmer taught my sister and I to keep the ice cream up or otherwise it will spill (referring to my hand holding the reins).
- · FAVOURITE EVENT AND WHY:

Leadline because I get a new shirt with cool stuff on it (like spiders or sharks) every year.

• WHAT EVENT ARE YOU LOOKING FORWARD TO THIS COMING SEASON:

Hanging out with all the boys at the Nationals plus the Easter Egg Hunt.

Name: **Natasha Smith**Age: **17**Hometown: **Hervey Bay - QLD**

- YEARS INVOLVED WITH PAINT HORSES: 4 years.
- YEARS INVOLVED WITH HORSES: My whole life.
- OTHER BREEDS YOU HAVE BEEN INVOLVED WITH: Quarter Horses.
- PHAA OR CLUB INVOLVEMENT: Member of the PHAA and of numerous other local clubs such as Maryborough, SEQPHA, Bundy, Gunalda and Nanango.
- WHY DO YOU LOVE PAINT HORSES?: Because of their colour and how their markings all differ. The QH bred paints have great temperaments.
- FAVOURITE SHOW OF THE YEAR: This year?.. Grafton because even though Rose was sore she pulled through a performed well.
- FAVOURITE SHOW CLASS: I don't think I can pick a favourite I just love going out there and giving it my all.
- HOW MANY HORSES DO YOU OWN?: My family own's 6. Leroy, Solo and Buddy (my Warmblood) are mine.
- FAVOURITE HORSE EVER OWNED: Leroy, the horse I have now is probably the easiest I've ever ridden so makes it a hard choice, but I'd have to say overall is Eban Solo, it was slow process for me to work well with her but the rewards of accomplishing something like that create an incredible connection.
- NAME ONE PERSON YOU ADMIRE IN THE HORSE INDUSTRY: Can I name 2? Jet and Denise Thompson, I like the way they get through to horses and interpret their way of thinking.
- BEST MEMORY INVOLVING PAINT HORSES: winning Western Eq at OLD State show this year, Rose got off to a rocky start but I controlled her and stuck on.
- FAVOURITE TIME OF THE YEAR TO RIDE: I LOVE Spring! It's not too hot and not too cold and the days are just long enough to ride in the mornings.
- FAVOURITE PLACE TO TRAIL RIDE: Around the Grafton show grounds, it's so picturesque there.
- IF YOU DIDN'T OWN HORSES WHAT WOULD YOU DO?: I love dancing (Tap and Jazz), I also play the guitar and sing so possibly a performer of some sort.
- FAVOURITE VACATION SPOT: Coffs Harbour.
- FUN FACT: I eat all of my food separate from each other.

have improved on. It certainly made for a few laughs and jokes in the arena and all of the youth enjoyed her great sense of humour and her helpful advice. The youth numbers were really great and spread out between both age groups. It was great to see so many smiling youth out there competing and having fun showing with one another. Victoria Egan and Kristy Trigg were just some of the Interstate Youth who had travelled the distance to compete with all Queensland youth, thanks for making the trip guys.

There was also the annual entertainment night in the hall, which had some great music and some even better dancing by all who were there. Others watched on and had a great laugh. There was also a great raffle run by Helen Bentley which had some really great prizes, no one went home empty handed. For the first time this year we also had the Horsemans Trading Post come and set a stand up along with Oz-West Saddlery, Maureen Smith and a few other Saddlery shops. This certainly gave the youth plenty of things to nag mum and dad to buy for them over the weekend.

All in all the 2007 Qld State Show was another success and all the youth had a great time with each other and their horses. With the competition hotting up I can't wait to see what next year will bring.

NEW PHAA AFFILIATED PAINT CLUB FORMED IN TASMANIA

The Performance Paint Horse Association of Tasmania (PHAT), recently affiliated with the Paint Horse Association of Australia (PHAA), began in early July 2007 when a small group of owners decided it was time to expand the Paint Horse name and standing in the State and move forward with the support and backing of the PHAA.

A meeting was held in Ross, Tasmania, where a way forward was discussed and what it was believed members of a new club would desire. In a very short period of time many Paint Horse owners had made contact with the initial planning committee relating many positive ideas on how to progress with the fledgling Association.

The name "Performance Paint Horse Association of Tasmania" was Registered on 30th July, 2007.

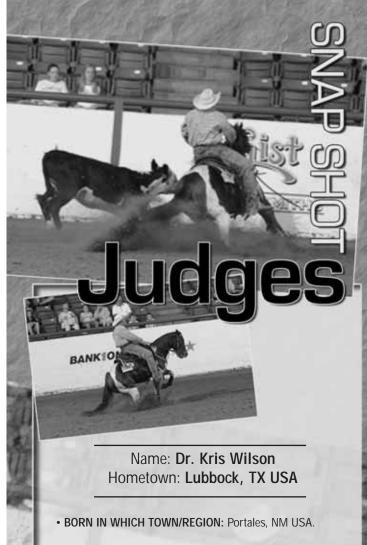

The main thrust of the new Association is not just about 'showing', but all about promoting the Paint Horse and showcasing them to the general public and the qualities as a breed with ability to do whatever you may choose.

The election for positions on the inaugural PHAT Committee took take place in Ross on Saturday 11th August at 2:00pm. There was a good turn up of people on the day keen to show their support for the new club. It was particularly pleasing to see many faces who had been "off air" for some time, proof that the new club is what paint owners of Tasmania want.

We had a good array of clothing merchandise on sale, sporting our distinctive logo with many of the new members taking advantage to purchase caps, vests and polo tops to boost much needed funds to the club for the various costs involved in the formation of a such a venture.

Our next meeting to discuss arrangements for our Inaugural State Show in 2008 will be on Friday September 21st at 7:00pm.

Campdraft Tragedy silver lining

■ Phillipa DeMain is a skilled horse rider and respected member of the Campdrafting and Tentpegging communities. When she attended the Boonah Campdraft and Rodeo she met with a serious accident that left her incapacitated for 4 months.

The day began well; Phillipa participated in the maiden draft and was competing in the novice when she was cracked off in the camp. Because she was a member of the Boonah Campdraft and Rodeo committee she decided to help get rid of the used stock.

She was cutting the bullock out of the mob when he tossed his head in a half charge and collided with her, completely dislocating the front end of her left foot.

Excruciating pain burst through Phillipa's metatarsals and her immediate thought was simply that she needed to get out of the camp.

Fortunately, her committee members were just outside. They helped remove her boot, which by this time was causing her tremendous pain. It was at that moment that Phillipa realised she had a very serious injury. All her toes were pointing in the completely opposite direction to what they should be!

Her friends led her, still on her gelding stock horse, Cody, to the ambulance location.

She was taken to the local hospital immediately. Upon sighting of her injuries she was sent onward to Ipswich where they operated at 12 o'clock that night.

Unfortunately for Phillipa the accident was just the beginning of her troubles.

What followed was a series of operations, hospital visits, and complications. She gained an infection whilst in hospital, struggled with blood clotting, and had to begin drug therapy.

As a busy businesswoman, Phillipa's ability to earn an income was even more of a concern to her and her family than her medical expenses. The hospital visits and time spent on crutches made running the electrical contracting business she manages with her husband, almost impossible.

Although Phillipa is a member of the Australian Campdraft Association, ACA membership does not provide personal accident insurance cover.

This accident could have turned into a financial, as well as physical tragedy.

However, Phillipa's story has a silver lining. Just one week prior to the event, she had become a member of the Australian Equine Alliance (AEA).

AEA membership includes personal accident and public liability insurance to protect people from the financial hardship of situations just like that encountered by Phillipa.

With the AEA she was able to claim income replacement for the period of time she was unable to work, as well as medical expenses.

Phillipa says she was astounded with how easy it was to make a claim. She explains, "I was totally wrapped in the service. There was no quibbling, not even any questioning of my claim. In fact after I had received the funds they (the underwriter Calliden) sent me a lovely letter asking if I had any out of pocket expenses that I would also like to claim for. I am not exaggerating when I say they exceeded my expectations by 200%."

Now, almost a year after the accident, Phillipa is back on her feet and recently returned from the Calgary Stampede in Canada. And her advice for other riders? "Don't wait until it is too late. The AEA has made rider insurance affordable for everyone. Join today!"
